GENERAL INSTRUCTIONS

- **Answer Only Two Questions:** Choose any two questions from the practical questions provided.
- **Submission Deadline:** Submit your completed work within **two (2) days** from the date of this instruction.

Question 1: Logo Design

Instructions:

1. Using your chosen graphics software (e.g., Adobe Illustrator, Adobe photo shop, Adobe Fireworks CorelDRAW), design a logo for a new coffee shop.
2. Consider elements such as color, typography, and imagery that reflect the brand's identity.
3. Create a vector version of the logo to ensure scalability.
4. Save your final logo in both vector format (e.g., .PNG, JPS PSD.SVG) and a raster format (e.g., .PNG).

Question 2: Calendar Layout

Instructions:

1. Open your graphics software and create a new document for a monthly calendar.
2. Divide the page into a grid layout representing the days of the month.
3. Include key features like the month name, year, and space for notes.
4. Use appealing colors and fonts to enhance readability.

5. Save your calendar as a printable PDF and a digital image file (e.g., .JPEG).

Question 3: Receipt Creation

Instructions:

1. In your graphics software, start designing a sales receipt template.
2. Include essential information such as:
    - Business name and logo
    - Date of purchase
    - List of items purchased with prices
    - Total amount and payment method
3. Use a clean layout with clear sections for easy reading.
4. Export the receipt as a PDF for printing and a PNG for digital use.
